

DOCUMENT FOR PERSONAL AND GROUP REFLECTION

February 27, 2022

Life Born of Love

- We are all the "fruit" of a family.
What do we inherit from our parents?
- What values do we have in our daily lives that result from the relationship with our parents and our family?
- How do we actualize, how do we "rework" the values acquired from our family, in our life today?
- What are a few words or expressions from your parents that have marked your life?
- What are a few phrases or expressions that you, as a parent, say to your children?

Each group chooses one (or two) questions to discuss and then finds a keyword that represents a synthesis of the discussion / reflection. The key word will be shared with the entire assembly at the end of the discussion period.
