

"Lighting Up the Gospel of Hope"

**GRATITUDE FESTIVAL MOTHER CHIARA
CAZZUOLA Province "Mary Help of
Christians" in Vietnam**

PROJECT:

Gratitude Bricks

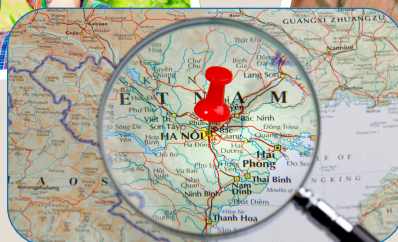

The Vietnamese Insp suggests building an Educational Residence for around 60 to 80 university students on the Dalat plateau.

The goal is to address the needs of underprivileged female students so they can receive a better education and have a brighter future, while also supporting their career aspirations.

You can find all the different materials for getting ready for the FMA Festival on the FMA Institute and Confederal websites.

We appreciate your enthusiastic support for this Project because we believe that "Education is a right, not a privilege" and that "unity is strength."

**To support this project, you can do it
through the FMA Inspectorates /
the Mornese ONLUS**
